President R. A. Falconer,  
University of Toronto.

Dear Mr. President:

Complying with your verbal request of yesterday, I beg to make formal application for leave of absence for Professor McConnell. As you know, he has been offered the position of Adjutant in the 116th Battalion, which Colonel Sharpe is organizing in Ontario County.

As Professor McConnell has shown anxiety to enlist for active overseas service, we thought it wise in October to arrange to have the students devote as much of their time as possible to his work, with the result that at the present moment the work in Architectural Design for the fall term has been completed. This of course means that the structural work for this term is behind; but, it will be finished before the Christmas vacation.

I would therefore request that Professor McConnell be given leave of absence from January 1, 1916.

I am,

Yours sincerely,

*C. H. C. Wright*

Professor of Architecture.

You will remember that Mr. Galbraith has accepted a commission and is now acting as Assistant Adjutant for Col. Kingsmill.

Dear Mr. President:

I beg to recommend to you that Professor Cockburn be granted leave of absence on half pay. As you have no doubt noticed by the papers, the results of the last examinations of the Provisional School of Infantry were announced this morning, and Mr. Cockburn was successful in his examination for a Captaincy.

Mr. Cockburn will be able to deliver his lectures for the balance of this term. I understand that he has written you himself regarding the matter, and I hope the arrangement will be satisfactory to you.

I am,

Yours sincerely,

*C. A. C. Wright*

Dear Mr. President:

Mr. J. L. Banks is breaking up his studio in Jarvis Street and has kindly offered to donate to the University one Life Size Bust of Dr. John Hoskin (bronzed), one three-quarter size figure of The Falconer; also a number of casts of ornaments useful for reference. The former might be placed anywhere you wish; the latter, of course, would be of service only in the Department of Architecture.

Mr. Banks has also kindly offered us a number of very useful models for teaching purposes at a very reduced rate, a list of which I am sending to the Bursar along with a requisition for the purchase. The total cost of the latter will be \$22.25 plus the cartage.

I am,

Yours sincerely,

*C. H. Wright*
